END OF SALE

Notes

CONDITIONS OF BUSINESS

Information for Buyers

1. Introduction

The following notes are intended to assist bidders and buyers, particularly those who are inexperienced or new to our saleground and auctions. All of our auctions are governed by our Conditions of Business incorporating the Information for Buyers, Terms of Consignment (primarily applicable to Sellers), the Conditions of Sale (primarily applicable to bidders and buyers) and any notices that are displayed at our sale sites, offices or announced by the auctioneer at the auction. Our Conditions of Business are available for inspection at our sale sites, offices, in our printed catalogues and on our website. Our staff will be happy to help you if there is anything in our Conditions of Business that you do not fully understand.

2. Please refer to Clause 1 of the Terms of Consignment if you are unsure about the meaning of any defined term.

3. The Auctioneers may supplement or supersede these Conditions in whole or in part with Special Conditions applicable to a specific sale or Lot which may be announced at the time of the sale or will be included in the foreword of the sale catalogue. No employee or agent of the Auctioneers has any authority to vary these conditions.
Please make sure that you read our Conditions of Sale set out in the catalogue or on our website carefully before bidding in the auction. All bidders will be obliged to comply with our Conditions of Business, incorporating the Conditions of Sale.

4. Agency

As auctioneers we act on behalf of the Seller, whose identity, for reasons of confidentiality is not normally disclosed. If you buy at auction, the contract for your purchase of the Goods is with the Seller, not with us as auctioneer.

5. Pre-Sale Estimates

Where Pre-sale estimates are given, they are designed to help you gauge what sort of sum might be involved for the purchase of a particular Lot. The actual Hammer Price realised at auction may be higher or lower than the pre-sale estimate. The lower estimate may represent the Reserve Price (the minimum price for which a Lot may be sold) which we have agreed with the seller. Pre-sale estimates do not include the Buyer's Premium or VAT (where chargeable). Pre-sale estimates may change and should not be thought of as the Lots value or predicted sale price. Pre-sale estimates are prepared some time before the auction and maybe altered by a notice at the sale site or announcement by the auctioneer before the auction of the Lot; they represent a matter of opinion and are not definitive. It is advisable that you contact us nearer the time of the auction for any updates or revisions to pre-sale estimates.

6. Buyer's Premium

The Conditions of Sale oblige you to pay a buyer's premium on the Hammer Price of each Lot purchased and will consist of an amount calculated by applying the bands and rates detailed in **Appendix 1** as these can vary depending on the type of auction.

Please note, VAT at the standard rate will be charged on all charges, except those detailed in Clause 72.

7. VAT

VAT rules are complicated, and you should take specialist advice if you are uncertain about their effect. Prospective buyers should check with the Auctioneers before bidding if they are unsure into which category a Lot falls.

7.1 VAT at the standard UK rate (presently 20%) will be added to the Hammer Price on all Lots (with the exception of On Site and Vintage sales where relevant Lots will be identified in the Auctioneers catalogue with a 'v'), unless the Lot is sold under the Margin Scheme (including second hand vehicles) when VAT will not be added separately to the Hammer Price. Under the Margin Scheme VAT will be charged on the Buyer's Premium but will be shown as an inclusive amount which cannot be reclaimed as Input Tax. The Auctioneers may choose, entirely at their discretion, to use the Margin Scheme in any auction for eligible items. Lots included under this scheme will be marked in the catalogue with an 'm'. The only exception will be in the case of 'zero-rated' or 'exempt' items which be marked in the catalogue with either a 'z' or 'e' and will not attract VAT. Prospective buyers should check with the Auctioneers before bidding if they are unsure into which category any Lot falls. Full details of the Margin Scheme can be found on the HMRC website www.hmrc.gov.uk notices 718 and 718/1.

7.2 Buyers from outside the UK that are within the EU Community may be required to pay a VAT deposit equivalent to the UK standard rate of VAT. This amount of VAT deposit will be refunded to the buyer upon receipt of satisfactory evidence of export within the required time limit. Details of the evidence required, and the time limits are available from the Auctioneers' office and will include original copies of the Export Lodgement Advice and satisfactory Bill of Lading or Certificate of Shipment, clearly identifying the goods. Failure to provide these documents within the relevant time limit will mean that the VAT deposit will be paid directly to HMRC as VAT. Buyers that have not paid a VAT deposit and who have failed to provide satisfactory evidence of export within the required time limit will be invoiced directly by Cheffins for the VAT due on the Lot/s bought.

- 7.3 All other buyers from outside the UK and the EU will be required to pay a VAT deposit equivalent to the UK standard rate of VAT. This amount of VAT deposit will be refunded to the buyer upon receipt of satisfactory evidence of export within the required time limit. Details of the evidence required, and the time limits are available from the Auctioneers' office and will include original copies of the Export Lodgement Advice and satisfactory Bill of Lading or Certificate of Shipment, clearly identifying the goods. Failure to provide these documents within the relevant time limit will mean that the VAT deposit will be paid directly to HMRC as VAT.

8. Description and Condition of Lots

- 8.1 As we act as agents for the Seller, we are primarily dependent on information provided by the Seller about their Goods. Any statement, written or verbal, made by us in respect of any Lot as to authorship, genuineness, origin, date, age, provenance, conditions or estimated selling price, including condition reports that may be provided at your request, is a statement of opinion honestly held by us and is not a statement of fact. Weights and measures given in the catalogue are approximate. You will have ample opportunity to inspect the Goods at pre-sale viewings and it is recommended that you inspect and investigate Lots that you might wish to bid for. Accordingly, we will accept bids from you on the basis that you (or your advisors) have fully inspected the Lot prior to bidding and have satisfied yourselves prior to bidding in relation to the condition and accuracy of the description of the Lot. The nature of the Lots sold at auction is such that they will rarely be in perfect condition and are likely, due to their nature and their age, to show signs of wear and tear, damage, or other imperfections, refurbishment or repair. Any reference to condition by Cheffins will not amount to a full description of condition. Photographs included in Cheffins sale catalogues or on the website are not representative of any Lot. We draw your attention to the exclusion of liability for the condition of Lots contained in the Conditions of Sale. Neither the Seller nor we, as the auctioneers, accept any responsibility for the condition of any Lot. In certain specified circumstances, Lots that are misdescribed because they are deliberate forgeries or reproductions may be returned by you and repayment made by the Seller. There is a 21 Working Day time limit for you to return a Lot on this basis (please see the Terms of Consignment for the definition of 'Deliberate Forgery').
- 8.2 If you buy Goods with electrical components and intend to use them, you must ask a qualified electrician to check them for compliance with safety regulations before you use them.
- 8.3 Goods in some sales, (including but not limited to Vintage and On-Site Sales) are sold for their historical and/or decorative attributes and for collection and display only. Such Goods are not intended for use and are not guaranteed to be in working order.
- 8.4 Certain machines could contain hazardous substances such as blue and white asbestos, dangerous chemicals and other hazardous substances which, if not handled correctly and disposed of correctly, could be in breach of the Health & Safety at Work Act 1974, Control of Substances Hazardous to Health Regulations 1988 (COSHH) and any other relevant legislation. The buyer undertakes to handle and dispose of correctly, any toxic chemicals and dangerous substances and to indemnify the Auctioneers against any failure to observe these undertakings.

9. Bidding

Bidders will be required to register with us and satisfy our 'Know Your Customer' checks before bidding, this may include providing photographic proof of identity and / or proof of address. Please note that we may refuse to register you if you do not provide us with all the information and documentation that we ask for, this includes information required in order to satisfy our 'Know Your Customer' checks and our obligations under the Proceeds of Crime Act 2002.

Lots can only be invoiced to the name and address on the registration form and cannot be transferred to another name and address. Any amendments to invoices will be made at the Auctioneers discretion.

There are several alternatives to bidding in person at the sale site at the time of the auction.

Online Bidding

Bidders are able to bid online by registering via the Cheffins website <https://www.cheffins.co.uk/machinery-vintage-auctions.htm> and where applicable, subject to providing the information required above. Please note online bidding is not available for all sales, please check with the Auctioneers if unsure.

Commission Bids

Commission bids may be left with the Auctioneers, indicating the maximum amount you wish to bid (excluding VAT, Buyers Premium and any other charges that may apply). Subject to the Reserve price of the Lot and any other bids received, the sale may be concluded for less than the maximum bid. The bidder will not have any claim against the Auctioneers or their employees if for any reason the commission bid is not executed.

If two bidders submit identical bids, the earliest bid will take precedence. The Auctioneers reserve the right to refuse any bid in any form entirely at their discretion. The Auctioneers decision is final.

Telephone Bids

Please enquire in advance about our arrangements for telephone bids as there is a limited capacity to accommodate this method of bidding. Please note there is a minimum of 24 hours' notice required, and availability of this service cannot be guaranteed.

10. Methods of Payment

Payment is due immediately after the auction. We no longer accept cash or credit cards. We accept the following methods of payment:

Sold Lots may only be released to you on receipt of payment in full and cleared funds of the invoice total and, where relevant, satisfactory completion of our Know Your Customer checks as outlined in Clause 9 and compliance with Cheffins Conditions of Sale.

11. Export of Goods

Any Lot purchased at auction may be subject to export restrictions or may require a licence for export out of the United Kingdom, for example depending on the age and value of the Lot or if the Lot contains organic or endangered materials that are restricted from export. (Please refer to Clause 8.4 above). The buyer is responsible for obtaining any licences which may be required (including any licence that may be required for import on to the destination country). The delay or denial of any such licence will not be grounds for the buyer to cancel any purchase. At the buyer's request, Cheffins can assist in the application for the export of goods outside of the UK.

12. Collection and Storage

Please note that all Lots must be paid for and collected by you promptly following the auction and in any event within 14 Working Days following the sale or as stated within the special conditions of sale in the catalogue and / or on the website. Lots may not be released until payment (including Buyer's Premium and VAT where applicable) has been received by the Auctioneers in full and cleared funds and, where relevant, satisfactory completion of the checks outlined in Clause 9. Any delay or failure to collect within the specified timeframe may involve you having to pay storage charges. At the buyers request and at the Auctioneers discretion, the Auctioneers may assist in arranging postage, shipment or haulage of Lots, subject to size and weight, otherwise, collection will be the sole responsibility of the Buyer. Buyers may be required to produce proof of identity on collection of the Lot. Any costs incurred by the Auctioneers in arranging the above will be re-charged accordingly.

If you arrange for a third party to collect a Lot on your behalf, we may require confirmation from you of the third party's authority to collect the Lot in advance of releasing it. The Auctioneers accept no liability for loss or damage to any Lot once it has been collected. Any Lot which, without the express written consent of the Auctioneers, has not been collected within six months from the day on which it was last sold, or last offered for sale, will deem to have been abandoned and the Auctioneers will be entitled to dispose of such abandoned Lot(s) at their unfettered discretion and any monies arising from such disposal(s) may be retained by the Auctioneers.

Lots purchased at Cheffins on-site sale venues will be subject to special collection / clearance terms which will be published in the appropriate auction catalogue.

13. Inspection of Goods

All Lots are sold 'as seen' with all faults and imperfections and errors of description. Buyers should satisfy themselves prior to the sale of the Lots as to the condition of each Lot and should exercise and rely on their own judgment as to whether the Lot accords to its description. Neither the Auctioneers, their staff or agents are responsible for errors of description or for the genuineness or authenticity of any Lot. No warranty is given by the Auctioneers, their staff or agents or by any Seller to any Buyer in respect of any Lot and any express or implied conditions or warranties are excluded to the fullest extent permitted by law.

14. Compliance with Road Traffic Acts, the Health and Safety at Work Act and all other Acts and Regulations applicable to Farm Safety

- 14.1 The buyer of any vehicle or trailer is responsible for complying with all legal requirements as to the construction and use of such vehicle or trailer and for obtaining all certificates, permits or other authorisation necessary before such vehicle or trailer can be used on the road.
- 14.2 The buyer of any Lot is responsible for complying with all legal requirements regarding the safe use of items purchased at a sale and shall ensure compliance with all relevant legislation relating to the safe use of any item.

15. Auctioneers Right to Annul Sales

In the event of any dispute or refusal to pay or of any non-payment on the part of the Buyer, the Auctioneers may, entirely at their discretion, annul and cancel the sales of such Lot or Lots.
